III. READING (2.0 pts)

a. Give a suitable word in each blank to complete the passage.

Kiyo Tanaka skillfully steers her wheelchair between the flower beds as she gardens outdoors. Gardening is one of her (51) _____ year-round activities. Believe it or not, thirteen-year-old Kiyo also successfully (52) _____ plants indoors without soil. She fills plastic (53) _____ with a special solution for nourishing plants. She uses a (54) _____ of screen to support each plant in a container, allowing the roots to dangle into the solution so that half of the root system is (55) _____. Every few weeks, Kiyo pours out the old solution, flushes the container with clear water, and then pours in fresh solution, which she buys at a gardening center. With this kind of indoor gardening, Kiyo doesn't have to worry (56) _____ outdoor garden pests, poor soil, or bad weather. She keeps the plants on shelves where they can get good (57) _____ and where she can reach them (58) _____. Her indoor plants are a living testimonial to the good care she gives them.

b. The people below all want to visit a museum. There are descriptions of eight museums. Decide which museum would be the most suitable for the following people. Write the correct answer (A - H) next to the number.

59. _____	Cristina wants to visit a museum with her daughter to see how people used to live. They want to have lunch there and buy some presents to take home. They will go by car.
60. _____	Joanne wants to visit a museum and see people making things. She has no car and would like to have lunch there.
61. _____	Carl's hobby is painting pictures, so he would like to see the work of other painters who live in the area. He wants to have a snack at the museum. He travels by public transport.
62. _____	Duncan wants to find out where local people worked in the past and what they did in their spare time. He wants to buy a book about the exhibition. He travels by bus.
63. _____	The Cannavaro family want to walk around a site which offers opportunities for the whole family to take part in activities. They want somewhere pleasant to eat their own sandwiches. They have a car.

MUSEUMS IN THE AREA

A. Stackworth Museum tells the history of the famous Stack worth family, and gives information about other well-known local people. These include poets, artists and writers. There is an excellent café and a car park.

C. Fairley Museum is arranged like an old-fashioned village. You can see people working at their trades to produce tools, pots and even boats using traditional skills. There is a small picnic area in the car park but most people eat in the excellent café. The museum is on a bus route.

E. The rooms in Scotwood Museum are furnished as they were 100 years ago. The staffs spend the day as people did then and are happy to explain what it was like. There are activity sheets for children and a shop with books, souvenirs and cards, as well as a good café and a car park.

G. Set in beautiful countryside, the Woodlands Museum is arranged like a village of 100 years ago. To learn more about this period, visitors are encouraged to spend time doing practical things such as making pots and cooking. There is an adventure playground with a picnic area under the trees and parking.

c. Read the passage and then answer the questions.

NO SMOKING!

Smoking causes lung cancers. Lung cancer is the number one cancer among men. Ninety percent of the people who get lung cancer die. Smokers have six times as much cancer of the mouth, tongue, and throat as non-smokers. Smokers have twice as much heart disease. Smoking gives people breathing problems. It harms the stomach. Smoking causes one million early deaths in the world every year.

Throughout the world, women live longer than men. Why? Because men smoke more. Non-smoking men live just as long as women. Smokers pollute the air. They breathe out 100 times as much pollution as non-smokers. They breathe it out on their children and on their wives or husbands. Children whose parents smoke have more breathing and lung problems than other children. Among non-smoking women married to smokers, there are twice as many deaths from lung cancer as there are among women married to non-

smokers. Men have the right to kill themselves by smoking if they want to. They do not have the right to kill their wives and children by smoking. Smokers are absent from work more. Factories and business lose millions of dollars every year because of smokers. Smokers have higher medical bills. All of these facts from research show that smoking is bad. Young people start smoking because everyone else is doing it. They feel grown up and independent. It helps them relax. Then it becomes a bad habit.

It is very difficult to stop smoking, but the chance of getting lung cancer decreases only one year after you stop. After ten years, the chance is almost the same as for non-smokers. It is possible to quit smoking. Thirty million people in the United States have quit because they believe the research.

64. How many people die when they get lung cancer?

65. What does smoking cause harm to the body?

66. What happens to children when their parents smoke?

67. Why do young people smoke?

68. What are the chances of getting lung cancer ten years after people stop smoking?

69. Why do smokers pollute the air?

70. Why do the factories and businesses lose millions of dollars every year?

IV. Writing (3.0 pts)

a. *Finish each of the sentences in such a way that it means exactly the same as the sentence printed before.*

71. Mr. Jones remembered the date, and so did his wife.
